

Race Awards for Run Through The Grapevine 2016 11/6/2016 8K

NOTE: Due to course marking issues, the first 5 runners accidentally went off course and ran an estimated 0.37 miles short of the full distance. Based on discussions among the top finishers and race officials, it is believed that this error did not change the order of finish. The 6th runner across the line was awarded a prize of equivalent value to 5th place.
